Dear ODAV,

I would like to register my strong objection to any proposal at KUAO to remove any hangars. This state has a shortage of aircraft hangars, which is apparent to me through being an FBO at a nearby airport (7S5) which has also experienced a complete paralysis at ODAV for the building of more hangar space. Whatever the role of some "access road", its utility cannot remotely compensate for the loss of hangar space and interruption of businesses and livelihoods.

The fact that ODAV would even consider such a plan is alarming. This department needs to return to an attitude of fostering General Aviation, not crippling it.
