Thanks so much Don.

I also spoke with Eileen today about the project. I would recommend that you all watch the video from the last PAC, if you haven't already done so, where the preliminary alternatives are explained (<https://publicproject.net/AuroraAirport#> on the meetings page) and then provide feedback via the form (in my previous email). Hopefully you can also attend our working session on 7/30.

Good luck with the comp plan, TSP and UGB updates! That is a lot at one time. Please let us know if you have any questions about the Aurora Airport project; we just wanted to make sure you're aware of what is happening.

Thanks,
Brandy

Hi Brandy,

Thank you for your email and invite to the open house. Unfortunately, we were not able to attend.

I reached out to Jamie Stickel our Economic Development Director, and she is interested in the advisory committee, and I've cc'd her. She has been tracking the Aurora Airport issues and will spend some time looking at the master plan.

We are in the middle of a comprehensive plan, transportation system plan and urban growth boundary process and updating all of our housing policies and Jamie has been involved in all of these. We had three meetings on these this week, lots going on in Canby.

Don

Hi Don and Emily,

I wanted to reach out to you to make sure you're aware of the current Airport Master Plan taking place at the Aurora Airport (<https://publicproject.net/AuroraAirport>).

We don't currently have anyone representing Canby on the Project Advisory Committee and are wondering if you all are interested. I believe that Alex with ODAV has reached out but not heard from anyone, so if you're not the right people, please let me know.

Additionally, we have a public open house this Thursday where you can learn more about the project.

Finally, I'm open to chat about this anytime. Please reach out via email or schedule a time to chat using the link in my email signature below.

Thanks,
Brandy
