Alex,

Attached is an outline of the property parcel that I showed to Tony & Kenji and that is available to ODAV.

As we discussed this Aurora ramp space would facilitate a huge improvement in Aircraft and vehicle movement at UAO.

This property transfer would go along with ODAV's 1995 plans to own & control ramp space as well as the FAA's 1985 directive for ODAV to increase their UAO ownership percentage

Please add this to the master plan record and contact me with any questions.

Thank you

Jim,

Attached is the drawing you requested. I believe it is accurate except for the concrete pad in front of Schreiber's hangar.

I did not mean to surprise you with this and am optimistic we can work something out that is beneficial to all.

Thank you
