**Subject:** Re: UAO Forecast Data

Hello Jeff,

Good afternoon. Please use the link below for the raw data as received directly from the FAA as used for the forecast during the ongoing UAO masterplan process. Note there are 75 files, some of which are over 100MB each.

If there is an issue with accessing the link, let me know and we can look into alternative options, such as MoveIt.

**[UAO Raw Forecast Data](#)**

Have a great holiday and weekend!

**Subject:** Re: UAO Forecast Data

Hello Jeff,

Good afternoon and thank you for reaching out. ODAV has requested the UAO forecast data document(s) from our engineer consultant partner and will e-mail or provide an access link (if large file size) upon our receipt.

Hey Jeff,

Cc'ing Alex who can get that info for you. (Either he'll get it to you or he'll be able to get it from the contractor)

TY!

Kenji

Hi, Mr. Sugahara.

Can you please provide a copy of the dataset used in defining operations levels, aircraft types, etc.? It would appear this is the TFMSC dataset obtained a few years back, and referenced in Table 3-7.

Can you also confirm, is this 'flight plan filings' or ACTUAL 'flown flight plans'? And what way do we have to validate each was actually flown?

Thanks.
