Some people who received this message don't often get email from dbakke@energysystemsnw.com. [Learn why this is important](#)

This message was sent from outside the organization. Treat attachments, links and requests with caution. Be conscious of the information you share if you respond.

This is in regard to the Aurora Airport master plan.

Due to the proposed changes I hereby request that you register and make part of the master plan record my objection and concerns to "taking" of, or destruction to any privately owned hangars on the Aurora Airport. I recommend and support airport safety improvements but only with no affect to any of the hangars.

Thank you,
David Bakke
