Dear Messrs. Thomas and Beach,

I understand that the Aurora Airport Master Plan currently underway calls for the taking and destruction of certain privately owned hangars on the Aurora Airport. Please register and make part of the Master Plan my very strong objection to such taking of any privately owned hangars on the Aurora Airport. These represent assets to the state's flying public (me) and there is no reason for their removal. The Master Plan should focus on safety improvements but with no destruction of any hangars.

Thank you,

John Dierks, Private Pilot Cert. #3315731
