## Aurora State Airport Master Plan Website Comments

Name Chris Gage

Comments or questions? I attended the Feb 11, 2025 meeting. I have

to say I was embarrassed for the ODAV team that could not answer simple questions that were asked over and over. The ODAV representatives on the call were defensive and lacked information that was being asked. It is apparent that this being attempted to be pushed through. I am strongly opposed to this "preferred alternate plan" The cost is extremely outrageous, taking EFU land and converting it "airport reserve" is against current county law. The impacts this will have to the congestion of Wilsonville and Boone Bridge will be detrimental to the current congested issue. Be prepared to add many dollars to the budget for litigation

expense from many parties.

I would like to receive email updates.
