Aaron,

Good to hear from you. Thanks for the comments and checking in with HQ. We are doing the same as well for 551. We'll go ahead and add this to the record and let folks know if there is any progress.

Kenji

Hi Kenji,

I have called FAA Headquarters in D.C. and from what they told me, it is clear that their Modification of Standards process can work for Aurora and we can avoid spending \$100 million to move Hwy 551.

Looking forward to talking further about this with you.
